

Web Design and Web Hosting

# Web Hosting

*Fast and Reliable Services*

## **BUSINESS CLASS HOSTING**

### **Personal Service 24x7x365**

At EPhost personal service is part of our company's core values. We go well beyond the typical technical support levels at other companies to make sure you have a great hosting experience. In fact, we put it into writing.

### **Service Level Agreement**

Our Service Level Agreement is a guarantee that we will provide you with 99.99% uptime for your website. If we don't deliver 99.99% uptime we'll refund a portion of your fees back to you.

### **Money Back Guarantee**

If your situation changes for any reason and you need to close your web hosting account in the first 30 days you will receive full refund of your hosting fees. After the first 30 days you can close your account without penalty.

*"I started EPhost because of the bad experiences I had with other hosting companies. I was tired of being in the dark and having them tell me there was nothing wrong when in fact there was. I knew there had to be another way."*

Joe Rebis, President, EPhost, Inc.

### **EPhost Web Hosting System Features**

Regardless of the web hosting package you order all EPhost plans include the following:

#### **Robust Control Panel System**

A key element to web hosting is your ability to manipulate your website hosting space easily without technical know-how. At EPhost our plans include a control panel system for you to be able to add, edit and delete email accounts, FTP accounts, enable and disable scripting languages like PHP, ColdFusion and ASP.Net in an easy-to-use web based administrative area.

#### **Anti-Virus and Anti-Spam Email Included**

While some companies charge extra for anti-virus and anti-spam email services it's always included for free at EPhost as part of our business class services platform.

#### **Email Synchronization Options**

At EPhost we feature several options for synching your email to additional desktops and mobile devices. Our Add to Outlook and Smartermail Synch Tool in concert with our subscription based EPhost Push Email service gives you the ability to synchronize email, contacts and calendars across all devices.

#### **Support for PHP, ASP.NET and ColdFusion**

Having PHP, ASP.NET and ColdFusion enabled in your account means you'll be able to use a wide variety of free open-source programs for your website. Our free Application Packs makes installation a snap.
